FOREST PRODUCTS SUPPLY CO.

2026 PRODUCT CATALOG

Welcome to our Product Catalog. We have compiled a comprehensive list of everything we stock and sell. It encompasses over 2,000 different products that are available every single day. Of course, we also have the ability to special order just about anything; if it's wood, we can source it.

We're a family-run company that's been in the wood products industry for over a hundred years, and we're currently on our third generation of family ownership and management.

Our whole philosophy is to source the best building materials in the world and provide quick and reliable access to them for any sized job, big or small.

Thank you for your support!

OUR WEBSITE

www.fp-supply.com/st-louis-resources.html

VISIT OUR WEBSITE FOR MORE INFORMATION ON ALL OF OUR PRODUCTS.

Go to www.fp-supply.com, and then go to resources and select St. Louis.

Here you'll have detailed access to all of our products. Every product page includes relevant information you're looking for, including available sizes, photos, videos, PDF's of installation guides, product brochures, MSDS sheets, specifier's guides, and more.

The best part is that everything is designed for the dealer to be able to share with their customers, so we don't include any pricing on these pages. Use this as a selling tool and share these product pages and links with your customers to help close sales. It's also a mobile friendly site, so you can access this on a jobsite with a smartphone or tablet. We also have access to our price pages online via a user login page. With this, you can quote jobs at all hours of the day and have quick and easy access to all of our pricing.

OUR POSTERS

We have created New Posters intended for product store signage.
Our new posters are designed to be both informative and eye-catching to help educate your customers and drive sales. They are available free of charge and are easy to put on a wall, corkboard, countertop, etc.

If you would like to request some posters for your store, go to www.fp-supply.com/fp-posters.html and fill out our online form or call us at (314) 961-6195. The posters measure 20" x 30" and feature a QR code that can be scanned that takes the customer to our website for more comprehensive information.

STAY CONNECTED AND LEARN

www.youtube.com/@forestproductssupply

We post product videos, installation instructions, featured projects, and more on our YouTube channel. We plan to post regular Product Knowledge videos.

www.instagram.com/forest_products_supply/

We post content of our products being used in the field. This is a simple and easy way to see how material is used, learn about products, and see good work. We like to engage the whole supply chain and often repost content from suppliers, contractors, and builders. Sometimes, a picture is worth a thousand words.

http://eepurl.com/dvF2d5

We send out weekly marketing emails that highlight specific products. We tend to focus on the peripheral items and these emails are a quick and easy way to learn about what we stock, the features and benefits, general installation guidelines, and FAQ's. We also include a fun trivia question in every email.

ENGINEERED WOOD PRODUCTS

Trus Joist Engineered Wood Products are the #1 rated I-Joist by Builder Magazine, and have been for 15 years running. They are the only brand with a full suite of engineered wood products including I-Joists, LVL Microllam, PSL Parallam, and LSL Timberstrand.

From performance, to assortment, to quality, Trus Joist is the clear market leader and has the proven performance that builders trust nationwide. Additionally, we have a team of five engineers that can help with questions, design, and trouble-shooting from start to finish.
